

After School Theatre Program

We are very proud of all the hard work our students put into creating great theatre productions in the after school program. We put on four shows each year. This includes two plays, a musical and a showcase. Because of this, we provide experiences for students to perform and work backstage in a variety of a shows!

Student's Perspectives

Being a part of this theatre program has been the highlight of my year. I wake up every day looking forward to being a part of the program and spending time with all the wonderful people.

-Freshman, Peyton Mazza

I enjoyed having theatre class because I am a little shy and I have learned how to talk to people and not be as awkward. It is a real hoot!

- Junior, David Wells

During my past four years in the Horizon High School Drama Department, I have had the pleasure of working with incredible directors, cast members and technicians, who've shaped my life in more ways than I can count. Through the after school program and theatre classes, I've gained both onstage and technical experience, and have grown into the self confident outgoing person I am today.

-Senior, Rachel VanArsdale

Being a technician has given me the opportunity to gain many important life skills and has boosted my self- confidence. It is so much fun and I've gained so many friends.

-Senior, David Sipe

I've met so many best friends in the Horizon Drama Department. It gives me a great place to pursue my passion for theatre, but also have a community of supportive people.

-Junior, Aubree Tafoya
